RE: Joint Town of Corning and Village of S. Corning Fire District

Dear Ms. Feehan,

The Village of S. Corning Board of Trustees and the Village of S. Corning Fire Department would like to propose the creation of a joint fire district between the Village of S. Corning and the Town of Corning. The physical boundaries involved would be the north shore of the Chemung River and properties south there of. These areas are currently being serviced by the Village of S. Corning volunteer Fire Dept. This would be a great benefit to all parties involved. A meeting to discuss this proposal is requested.

Sincerely,

James A. Thomas, Sr., Mayor  
Village of S. Corning
